

Earbuds in My Ears

By Ethan Kapoor

I lie on my bed, solace in my head,
Earbuds in my ear, my phone in my hand.
My stress is all gone, my worries have fled.
Music is key to the peace I have planned.
Rodeo, Graduation, Astroworld,
Kanye, Carti, Metro, Future, Travis:
Lyrics and melodies and rhymes unfurled.
Hip-hop is perfect just before practice,
For studying, and here in bed at peace.
Playboy Carti's music flows in my veins.
I hope all these rhymes and beats never cease.
I'm levitating, breaking free from chains.
The music in my ears is more than sound—
It's peace, and rhythm and joy that I've found.
